OUR ADVANTAGE

EXPERIENCE

Morton Manufacturing is a small, minority, woman-owned business which was founded in 1967. We serve aerospace customers around the world, and our products are used on many civil and military aircraft programs.

CAPABILITY

Located in the Antelope Valley in southern California, our facilities are supported by constant investment in modern high-capacity equipment. With over 200 employees, Morton has the depth of knowledge and talent to apply resources to your needs.

PRODUCT RANGE

Morton is the leading producer of Inconel 718, Waspaloy, A-286, MP-159, and 6AL-4V Titanium engine bolts. We manufacture industry standard parts and customer standards, as well as specially-designed items.

QUALITY

Morton is registered to AS9100 Rev D, and has NADCAP approvals for Heat Treatment, Material Testing, Non-Destructive Testing, and Chemical Processing. We have DSQR and Special Process approvals from GE, Pratt & Whitney, and other aerospace customers.

SERVICE

With flexible lead times, quick response, and large amounts of stock, Morton supports our OEM and Distributor customers with excellent service.
